### studios and recording facilities

BBC Somerset Bristol gives you access to some of the most comprehensive (analogue and digital) recording facilities available in the country. It's the only studio in the country that has been awarded a Gold Award for excellence in recording facilities.

Our facilities are designed to meet the needs of our clients and we offer the most advanced recording facilities in the country. We have a state-of-the-art recording studio with a fully equipped control room and a fully equipped mixing console.

FM ST

#### St George's Brandon Hill

An exceptionally renowned music recording location with a purpose-built control room, its perfect acoustic isolation and unique atmosphere have won many accolades throughout the broadcast and commercial recording world.

#### radio outside broadcasts

With outside broadcasts, you usually have just one chance to get it right. We don't have it so often. Our audio engineers are highly accomplished and ensure a highly professional and memorable broadcast. We produce award-winning broadcasts - even on demand!

Our sound engineers are fully trained and experienced in recording, editing and CD mastering. Combined with our fleet of CD, vinyl and cassette production plants and state-of-the-art recording facilities, we offer a complete service and easy to work with.
